

15 GROUP LINCOLN ROCA

Obituary: Peter Coleman

It is with great regret that we report the death, after a short illness, of ex **Chief Observer Peter Coleman** at the age of 88.

Peter joined the Corps after service in the REME and served until his enforced retirement on age grounds, gaining the **ROC Medal** of which he was extremely proud en route.

He alternated between **Leading** and **Chief Observer** of 15 Group **52 Post Boston** until finally remaining as Chief until retirement whence he became a keen member of the **Spalding Branch** of the ROC Association.

He moved, with his wife Phyllis, to Southsea some ten years ago to live close to one of their daughters .

Peter was also a keen member of the local branch of the **REME Association**. He was one of Lincoln Groups characters with a ready wit and sense of humour and had many friends .

He will be greatly missed.

Peter Jex – Group Chairman
