COVID-19: NATIONAL ADVICE TO ROCA STANDARD BEARERS

We have become aware of a notification **The Royal British Legion** have issued with regard to all their **Standard Bearers** and a decision has been taken to adopt the same advice for ROCA. This is:

'Due to the exceptional nature of the crisis the Church of England has announced that public worship is suspended until further notice. Accordingly we are asking that Standard Bearers do not attend any funerals they may have been asked to attend, and do not undertake any further public duties until advised.'

We know that some of you are also standard bearers for TRBL and will already be aware of this.

We know too that it may well be disappointing, but we are sure you will appreciate that it is only sensible in the current circumstances.

Tim Kitching National Committee
